Dear Parents and Students,

Summer is fast approaching which means Raft Camp is almost here! Our annual Raft Camp will take place **June 19-23**. The camp is open to all Middle School and High School students including incoming 6th graders and graduating seniors. Adventure Whitewater (www.awwrafting.com/) is the host for our annual raft camp. Last year we were unable to do this camp, so we are so excited to be returning to the Klamath River. We have been to this camp for over 15 years and that alone speaks for itself. We are expecting 55-60 people to attend raft camp. **The early bird rate is \$300 when deposit and registration fee of \$100 is turned in before May 28. The price goes up to \$325 afterwards.**

A \$100 deposit and registration forms are due by May 28 to reserve your spot. Due to the limited space it will be a first come, first serve basis. Because of the rising costs I wanted to include a breakdown for you to see where the costs are going to:

"Raft Camp By The Numbers":

- 12-passenger van transportation to and from camp (responsible adult drivers) + gas + shuttling to and from rafting
 - \$100.00
- A speciality pizza dinner on the last day and breakfast-to-go (on the last morning)
 - \$7.00
- 3 days of white-water rafting on the Klamath River led by professional, experienced guides, 3 nights of camping on the river including incredible home-cooked meals (river burritos, grilled chicken, etc.)
 - \$193.00
- Also included is an incredible hike through canyons and swimming under waterfalls, campfires, s'mores, a pastry breakfast, and being in one of the most incredible places in Northern California.
- All this breaks down to just \$60/person/day!

In return, we will send back one insanely happy and entirely exhausted student that will sleep all weekend! Other summertime student programs around the Bay Area can cost upwards of \$90 or more per day.

AWW's Paradise Point boasts one of the largest and most beautiful beaches on the Klamath River and is nestled in the mountains of Northern California just past Happy Camp, CA near the Oregon Border. This wonderful outdoor adventure takes students through the beautiful scenery of the Klamath River Valley. A waterfall hike, great food, campfire gatherings, and tons of fun make this camp one of the best around. In this environment, students deepen their faith, develop positive values, and grow as young men and women who will impact their culture.
